Workforce Education Implementation Evaluation
Student Interview Protocol

Introduction

Thank you for participating in this interview. The study aims to describe the different instructional programs and classroom activities in workforce training programs. Through this interview, I seek to understand as much as I can about the nature of technician education and of instructional influences resulting from the industry-community college partnerships.

Introduction –Cover sheet Info about Interviewee

Interviewee’s name:
Course he/she enrolled in:
Instructor name:
College:

Section 1 –BACKGROUND

1. Please briefly describe any prior training you have received that is relevant for this course?

2. Are you currently working?

1
3. Why are you taking this course?
Section 2 –INSTRUCTIONAL ACTIVITIES

4. Please describe some typical classroom activities.
   - Lecture activities
